for

FEA EXECUTIVE CABINET CARTIER SCOTT

Beginning my 8th year of teaching, I realize the role Florida Education Association has played in the growth of my career and myself. As a mentor for Connect to Greatness, we specifically expose alternative and promising programming options to Black boys to discover their greatness and set new expectations for themselves and their future - that is what FEA has done for me. Bringing together and elevating the best that we each have to offer would enhance the vision and mission of our statewide organization and play an integral role in the growth and success of Florida Education Association. As a member of the Executive Cabinet, that will be my promise to you.
