

(7) A university board of trustees is authorized to collect for financial aid purposes an amount not to exceed 5 percent of the tuition and out-of-state fee. The revenues from fees are to remain at each campus and replace existing financial aid fees. Such funds shall be disbursed to students as quickly as possible. A minimum of 75 percent of funds from the student financial aid fee shall be used to provide financial aid based on absolute need. The Board of Governors shall develop criteria for making financial aid awards. Each university shall report annually to the Board of Governors and the Department of Education on the revenue collected pursuant to this subsection, the amount carried forward, the criteria used to make awards, the amount and number of awards for each criterion, and a delineation of the distribution of such awards. The report shall include an assessment by category of the financial need of every student who receives an award, regardless of the purpose for which the award is received. Awards which are based on financial need shall be distributed in accordance with a nationally recognized system of need analysis approved by the Board of Governors. An award for academic merit shall require a minimum overall grade point average of 3.0 on a 4.0 scale or the equivalent for both initial receipt of the award and renewal of the award.

(8)(a) The Capital Improvement Trust Fund fee is established as \$4.76 per credit hour per semester.

(b) Beginning with the 2012 fall term, each university board of trustees may increase the Capital Improvement Trust Fund fee. Any increase in the fee must be recommended by a Capital Improvement Trust Fund committee, at least half of whom are students appointed by the student body president. The remainder of the committee shall be appointed by the university president. A chair, appointed jointly by the university president and the student body president, shall vote only in the case of a tie. The recommendations of the committee shall take effect only after approval by the university president, after consultation with the student body president, with final approval by the university board of trustees. An increase in the fee may occur only once each fiscal year and must be implemented beginning with the fall term. The Board of Governors shall adopt regulations and timetables to implement the fee.

(c) The fee may not exceed 10 percent of the tuition for resident students or 10 percent of the sum of tuition and out-of-state fees for nonresident students. The fee for resident students shall be limited to an increase of \$2 per credit hour over the prior year. The Capital Improvement Trust Fund fee may be used to fund any project or real property acquisition that meets the requirements of chapter 1013. The Division of Bond Finance of the State Board of Administration shall analyze any proposed reductions to the Capital Improvement Trust Fund fee to ensure consistency with prudent financial management of the bond program associated with the revenues from the fee. The Board of Governors shall approve any proposed fee reductions provided that no such reduction reduces the fee below the level established in paragraph (a).

(9) Each university board of trustees is authorized to establish separate activity and service, health, and athletic fees. When duly established, the fees shall be collected as component parts of tuition and fees and shall be retained by the university and paid into the separate activity and service, health, and athletic funds. Notwithstanding any other provision of law to the contrary, a university may transfer revenues derived from the fees authorized pursuant to this subsection to a university direct-support organization of the university to be used only for the purpose of paying and securing debt on projects approved pursuant to s. 1010.62 and pursuant to a written agreement approved by the Board of Governors. The amount transferred may not exceed the amount authorized for annual debt service pursuant to s. 1010.62.

(10)(a) Each university board of trustees shall establish a student activity and service fee on the main campus of the university. The university board may also establish a student activity and service fee on any branch campus or center. Any subsequent increase in the activity and service fee must be recommended by an activity and service fee committee, at least one-half of whom are students appointed by the student body president. The remainder of the committee shall be appointed by the university president. A chairperson, appointed jointly by the university president and the student body president, shall vote only in the case of a tie. The recommendations of the committee shall take effect only after approval by the university president, after consultation with the student body president, with final approval by the university board of trustees. An increase in the activity and service fee may occur only once each fiscal year and must be implemented beginning with the fall term. The Board of Governors is responsible for adopting the regulations and timetables necessary to implement this fee.

(b) The student activity and service fees shall be expended for lawful purposes to benefit the student body in general. This shall include, but shall not be limited to, student publications and grants to duly recognized student organizations, the membership of which is open to all students at the university without regard to race, sex, or religion. The fund may not benefit activities for which an admission fee is charged to students, except for student-government-association-sponsored concerts. The allocation and expenditure of the fund shall be determined by the student government association of the university, except that the president of the university may veto any line item or portion thereof within the budget when submitted by the student government association legislative body. The university president shall have 15 school days from the date of presentation of the budget to act on the allocation and expenditure recommendations, which shall be deemed approved if no action is taken within the 15 school days. If any line item or portion thereof within the budget is vetoed, the student government association legislative body shall within 15 school days make new budget recommendations for expenditure of the vetoed portion of the fund. If the university president vetoes any line item or portion thereof within the new budget revisions, the university president may reallocate by line item that vetoed portion to bond obligations guaranteed by activity and service fees. Unexpended funds and

undisbursed funds remaining at the end of a fiscal year shall be carried over and remain in the student activity and service fund and be available for allocation and expenditure during the next fiscal year.

(11) Each university board of trustees shall establish a student health fee on the main campus of the university. The university board of trustees may also establish a student health fee on any branch campus or center. Any subsequent increase in the health fee must be recommended by a health committee, at least one-half of whom are students appointed by the student body president. The remainder of the committee shall be appointed by the university president. A chairperson, appointed jointly by the university president and the student body president, shall vote only in the case of a tie. The recommendations of the committee shall take effect only after approval by the university president, after consultation with the student body president, with final approval by the university board of trustees. An increase in the health fee may occur only once each fiscal year and must be implemented beginning with the fall term. The Board of Governors is responsible for adopting the regulations and timetables necessary to implement this fee.

(12) Each university board of trustees shall establish a separate athletic fee on the main campus of the university. The university board may also establish a separate athletic fee on any branch campus or center. Any subsequent increase in the athletic fee must be recommended by an athletic fee committee, at least one-half of whom are students appointed by the student body president. The remainder of the committee shall be appointed by the university president. A chairperson, appointed jointly by the university president and the student body president, shall vote only in the case of a tie. The recommendations of the committee shall take effect only after approval by the university president, after consultation with the student body president, with final approval by the university board of trustees. An increase in the athletic fee may occur only once each fiscal year and must be implemented beginning with the fall term. The Board of Governors is responsible for adopting the regulations and timetables necessary to implement this fee.

(13) Each university board of trustees may establish a technology fee of up to 5 percent of the tuition per credit hour. The revenue from this fee shall be used to enhance instructional technology resources for students and faculty.
