

**GOV. RON  
DESANTIS  
IS COMING  
AFTER YOU!**

As members of the Florida Education Association, we believe in protecting the freedom to teach and students' freedom to learn. **We believe students should have greater access to books, and we believe all children deserve to see themselves reflected in the books they read, no matter their race, religion, ZIP code, sexual orientation, gender identity, or disability.**

Most importantly, **we believe in the promise of a free, high-quality public education for all children, no exceptions.** On the other hand, Gov. DeSantis along with his corporate allies and donors, want a fully privatized education system.

You stand in the way of DeSantis' dream of ending public education, so he has placed a target on your back. Individually, we can do little to fight back. But, the **FEA is 150,000 members strong.** When we join together in union, we can make sure that all of Florida's children thrive.

**TO SAVE PUBLIC  
EDUCATION AND  
PROTECT OUR  
DEMOCRACY,  
WE MUST ALL  
PROUDLY  
DECLARE: I'M  
STICKING WITH  
MY UNION!**

**Call Gov. DeSantis and tell him to keep the government out of our decisions at (850) 717-9337.**
