

OUR UNION IS THE BACKBONE OF EDUCATION

We stand for:

- ★ **Strong public schools**
 - ★ **Making sure every child can live the American Dream**
 - ★ **Ensuring a well-educated and morally sound citizenry**
 - ★ **Respecting the rights of people to make decisions locally**
 - ★ **A stable, secure retirement so we can retire with dignity**
-

But the future of our union could be in jeopardy.

There's a proposal in Tallahassee that could make it harder for us to have a union.

Being a member of our union means having each other's backs.

In order to protect our union and our future, we're taking our membership into our own hands.

We're building our membership to new heights, and soon we'll be encouraging every member to move over to eDues.

Ask your building rep how you can join your union today.
