# Get involved during the 2027 Florida legislative session

The 2027 legislative session is scheduled to run from **Tuesday, March 2** through **Friday, April 30**.

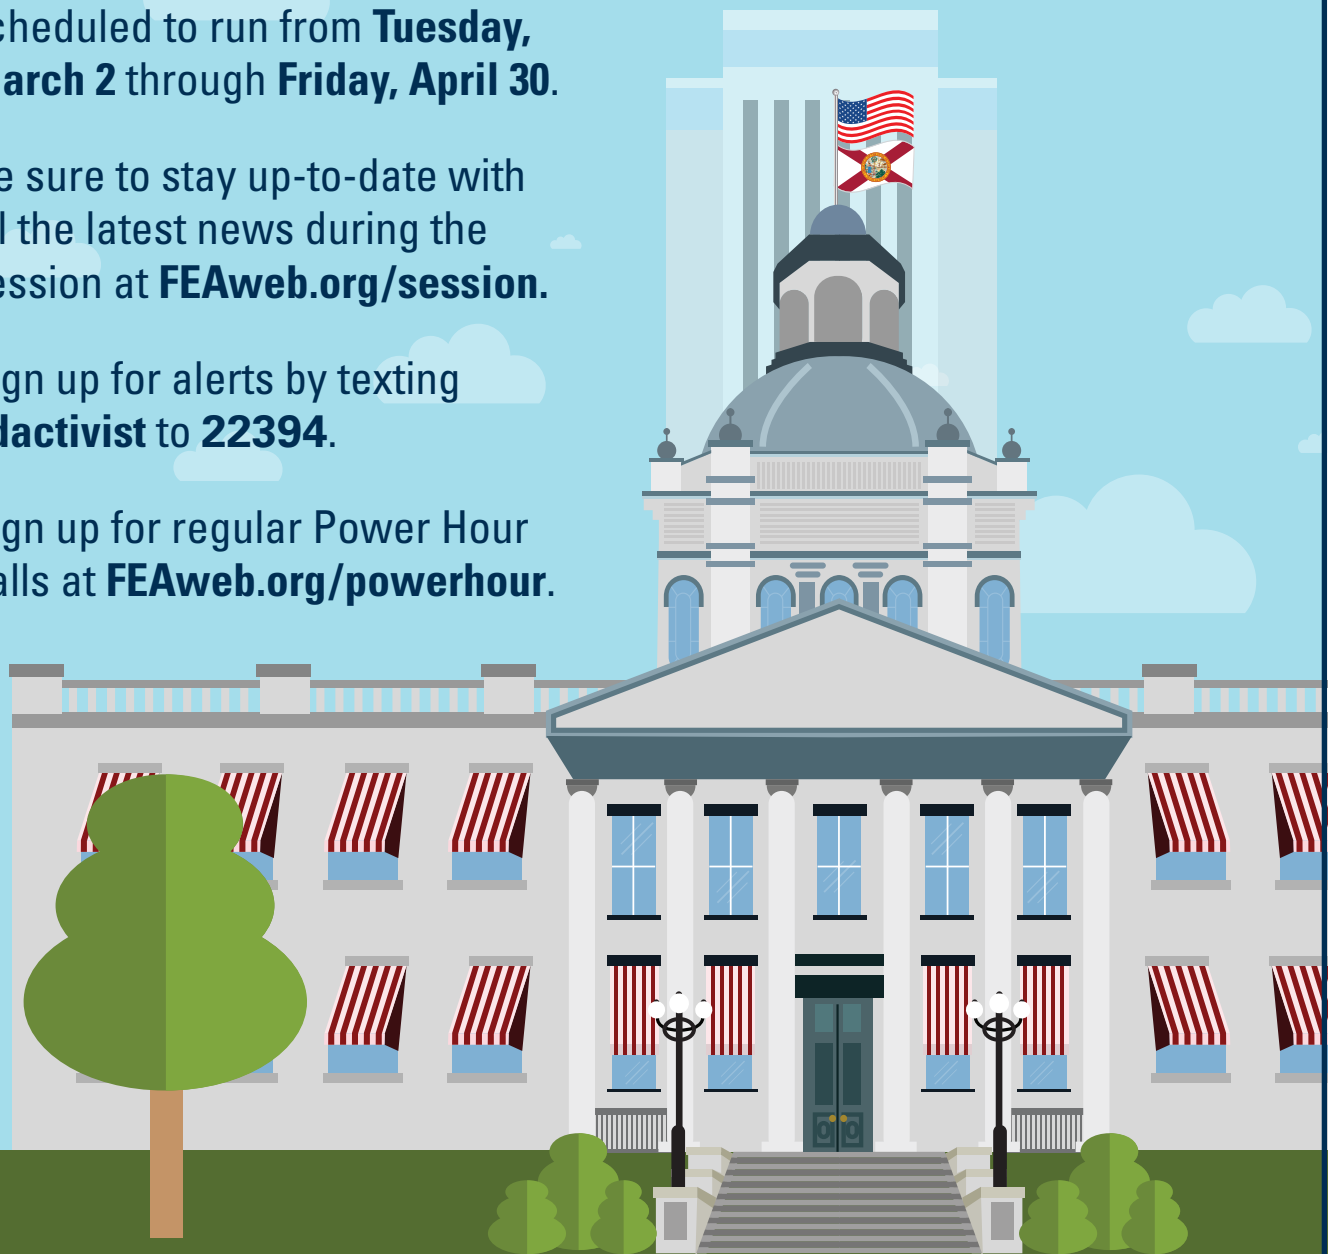

Be sure to stay up-to-date with all the latest news during the session at **FEAweb.org/session**.

Sign up for alerts by texting **edactivist** to **22394**.

Sign up for regular Power Hour calls at **FEAweb.org/powerhour**.

# Vision

To be the united voice for excellence in public education in Florida.

# Mission

The Florida Education Association is a union focused on uniting and empowering people to organize and advocate for a better life for all.

# Core Values

*These core values define the enduring character of FEA. They influence everything we do:*

## INTEGRITY

Demonstrating personal and collective responsibility and accountability for our actions.

## RESPECT

Recognizing and embracing the unique perspectives of all people.

## EMPOWERMENT

Focusing on organization, mobilization, collective action and solidarity to empower education professionals.

## ADVOCACY

Vigorously supporting, defending, and speaking out for public education.

# Strategic Goals

*The FEA strategic goals are of equal organizational importance and priority. The numbering of these goals is for ease of reference only and is not intended to reflect any prioritization of these goals.*

1. Expand influence in public education policy.
2. Build membership density and engagement across all locals.
3. Identify and cultivate diverse leaders and champions of public education.
4. Expand and strengthen a diverse coalition of community allies.
5. Evolve our organizational structure to meet the needs of all our locals and members.

# Together. A stronger voice.

---

The Florida Education Association (FEA) is proud to be your statewide union. **Together with your local union**, we are Florida's strongest voice for students, teachers, education staff professionals and for quality public education. We are committed to ensuring that school administrators, elected officials and the general public recognize educators' value.

**Together we're stronger.** Acting alone we can only do so much, but when our members come together they can deliver real change.

## HIGHER SALARIES

We become educators to help kids thrive. We don't expect to get rich but shouldn't need two jobs (or more) either. We've won some salary increases but educators deserve better. With more members working together, we'll have more power to win better pay increases.

## IMPROVING OUR WORKING (AND STUDENTS' LEARNING) ENVIRONMENTS

Members working together in the workplace to solve problems, address worksite issues big and small, and enforce the contract we bargain is the foundation of our strength as a union. We meet with administrators, school board members and politicians of both political parties to make sure our voices are heard and respected.

## MEMBER BENEFITS

In addition to fighting for fair salaries and benefits, your union offers a range of discount programs that help educators stretch their hard-earned dollars.
